RE: Prepaid Calling Card Reporting, Second Quarter 2007  
WC Docket No. 05-68

Dear Ms. Dortch,

Attached please find the certified prepaid calling card reports filed by the following FCC carriers:

- Stratos Offshore Services Co.
- Stratos Communications, Inc. and Stratos Mobile Networks, Inc. Please note that also included for these two companies is a revised report for the first quarter of 2007.

Any questions concerning these reports should be directed to the undersigned at (301) 968-1938.

Respectfully submitted,

Bruce A. Henoch  
Vice President for Legal and Regulatory Affairs

**STRATOS OFFSHORE SERVICES CO.**

The undersigned, Bruce A. Henoch, Vice President for Legal and Regulatory Affairs of Stratos Offshore Services Company ("Stratos"), hereby declares and certifies in accordance with the requirements of the Federal Communications Commission, that:

1. For the Second Quarter of 2007, Stratos reports that it did not carry or generate revenue from intrastate, interstate, or international prepaid calling card services as defined by the Commission;
2. No prepaid calling card revenue for the Second Quarter of 2007 is therefore subject to universal service fund assessment for such period; and
3. Stratos has provided the required information (i.e., prepaid calling card percentages of interstate use factors, and call volumes from which these factors were calculated, based on not less than one day's representative sample) to those carriers from which Stratos purchases originating and terminating transport services for its prepaid calling card traffic.

To my knowledge and belief, the foregoing statements are true.

**2d Quarter 2007 and Revised Report for 1<sup>st</sup> Quarter 2007**

The undersigned, Bruce A. Henoch, Vice President for Legal and Regulatory Affairs of Stratos Communications, Inc. and Stratos Mobile Networks Inc. (together, "Stratos"), hereby declares and certifies in accordance with the requirements of the Federal Communications Commission, that:

1. For the Second Quarter of 2007, Stratos reports that its prepaid calling card minutes were broken down by the following percentages: 0.975% international, 0.025% interstate, 0% intrastate, and 99% originating and terminating outside of the United States. These same percentages also applied for the First Quarter of 2007; an accounting error had resulted in a misplaced decimal point in the report filed for the First Quarter.
2. For the Second Quarter of 2007, 0.975% of Stratos' calling card revenue is international, 0.025% is interstate, and 0% is intrastate. The remainder of Stratos' prepaid calling card revenue is for traffic originating and terminating outside of the United States. These same percentages also applied for the First Quarter of 2007; an accounting error had resulted in a misplaced decimal point in the report filed for the First Quarter.
3. Stratos will be making the required Universal Services Fund contribution based on the above-reported information; and
4. Stratos has provided the required information (i.e., prepaid calling card percentages of interstate use factors, and call volumes from which these factors were calculated, based on not less than one day's representative sample) to those carriers from which Stratos purchases originating and terminating transport services for its prepaid calling card traffic. Stratos may be providing a revised report on such information to such carriers based on more accurate data calculated after the information in question was provided.

To my knowledge and belief, the foregoing statements are true.
